Peanut Pal

Boy! You All Are NOT! going to believe it!!

I am sitting here doing the newsletter and it hit's me , I didn't remind our Prez John Stutzman to write something for the front of this newsletter,

And better yet ! Big Al is out of town at a BMW dealers meeting riding around the mountains on a Not released yet BMW K1600 (replaces the LT)

Do you think he is even thinking about us ? let alone writing something for the Peanut Gallery? NOT!! We will get him to put all the wonderful details in writing, and I think someone should bust him in K K

Everyone has looked forward to his stories every month and we all have been cheated ,I bet next months will be a duzzy because when he calls me he can't stop talking about this motorcycle, .

So until the next issue of HGCR newsletter

Twelve things that a motorcycle can teach...

- 1. The only good view of a thunderstorm is in your rear view mirror.*
- 2. Four wheels might move the body...but two wheels move the soul.*
- 3. I'd rather be riding my motorcycle and thinking about God than sitting in Church and thinking about my motorcycle.*
- 4. Life may begin at 30...but it doesn't get interesting until about 95....mph.*
- 5. Midnight bugs taste just as bad as noontime bugs.*
- 6. Sometimes it takes a whole tank of gas before you can think straight.*
- 7. A bike on the road is worth two in the shed.*
- 8. Young riders pick a destination and go... old riders pick a direction and go...*
- 9. When you are riding lead, don't spit.*
- 10. Catching a yellow jacket in your shirt at 75 mph can double your vocabulary.*
- 11. I've never seen a motorcycle parked outside a psychiatrist's office.*

And Finally:

- 12. Only Bikers know why dogs stick their heads out car windows.*
